## EDDIE WARE A SURPRISE.

**TICHENOR COLT WINS THE ALBANY HANDICAP WITH MUCH TO SPARE.**

**Heavy Track Causes Withdrawals—Dishabille Scores from Cottontown—Little Scout Runs Without Blinkers—Shot Gun Wins in a Canter.**

Saratoga, N. Y., August 22.—Heavy track conditions prevailed today, causing many withdrawals. Notwithstanding the depleted card, excellent racing resulted and a fair average of high class horses were in evidence. Dishabille, possibly the best four-year-old filly in training, took the mile handicap, third on the card, in easy fashion from the western crack Cottontown, which was making his eastern debut. Cottontown was not as well served by the muddy track conditions as George C. Bennett's filly, or the result might have been reversed today. Experts pronounced Cottontown a grand three-year-old. Considerable adverse criticism, however, was levelled at the colt's heavily bandaged forelegs, an unfavorable sign and usually considered a drawback over a muddy track.

The solitary stake fixture, the Albany Handicap for two-year-olds at six furlongs, furnished a complete upset in the victory of Eddie Ware. This colt's recent races have been much below par. The Tichenor colt with J. Harris in the saddle towrope those opposed to him, including Smiling Tom and Killaloe. Close observers of the winner's last two races were fully prepared for today's improvement.

The choices were lost in the opening race for two-year-olds at five and one-half furlongs. H. M. Ziegler scored his first success of the season with Malacca. Nancy, a long shot, was second and the favorite, Tileing, with Miller up, just earned third. Yama Christy easily won the steeplechase over the short course. The highly tried Commondale again came to grief and in precisely the same place as in his preceding start, at the third from the last jump.

A pronounced cripple, Right Royal, scored by a narrow margin in the long distance selling affair. Little Scout ran without blinkers and sulked. In his preceding start Little Scout wore blinkers and finished close to the heels of Inferno and Yorkshire Lad, and in front of such a good horse as Von Tromp.

Shot Gun, which has never yet met defeat under track conditions such as prevailed today, galloped a fast band of opponents to a standstill, including the famous Dr. Gardner, in the closing race, at six furlongs.

Fred Cook leaves tonight for Cincinnati for a three-day cut-in at Latonia, after which he will return to New York and make book on the opening day of the Sheephead Bay meeting.

Charles Grainger, ex-Mayor of Louisville and a member of the Kentucky State Racing Commission, left for his home today.

Clerk of the scales Cornelson is seriously ill and his duties are performed by Algernon Daingerfield. Sol Lichtenstein, who is a very sick man, has gone back to New York for treatment.

Jockey Hildebrand was set down this afternoon for three days by starter Cassidy.

W. A. McKinney, the present owner of Samson, announced that horse as a sure starter in Saturday's cup race. Miller has been engaged to ride him.

Three of the get of August Belmont's stallion, Hastings, filled the positions in the first race today. The elder Redfern left for Brooklyn with his family, including Arthur Redfern, the jockey, tonight. Mr. Redfern says he will go to England in the fall and seek an engagement for Arthur with some prominent English stable as first jockey.

### DIFFERENCE OF \$4,500 IN THEIR CLAIMS.

Saratoga, N. Y., August 22.—The arbitration committee of the Metropolitan Turf Association has been called upon to decide a ring transaction involving \$4,500. J. W. Gates instructed his betting commissioner, Robert McGibben, to wager \$5,000 on Wes last Monday. McGibben claims that after having placed \$2,500 of it, he offered bookmaker William Cowan \$2,000 at a certain price which was accepted, and when asked if he wanted any more replied, "yes, \$500 more."

Next day at settling time Cowan's cashier claimed that Gates owed him \$7,000, alleging that the last wager made was for \$5,000 instead of \$500 as McGibben claims. Mr. Gates declared this afternoon that it was a 1 to 100 bet that his commissioner was in the right and intimated he would not pay it.

### GOOD RULE—FOR THE OWNER.

The other day at Saratoga Jack Benpet engaged Louie Smith to ride one of his two-year-olds, and his orders were: "Louie, there is \$10 in the office for you for the mount. If you get away from the post in the first three there is \$10 more coming. If you show in the first three at the end of a furlong it means \$10 more. The same goes for into the home stretch, and at the finish it is \$25 more if you show and a hundred if you win."

Bennet's colors trailed home in the rack, and Louie got the \$10 that was in the office. Next day Bennet met Louie and told him with all seriousness that a new rule had been passed whereby a rider was to deposit \$40 and pay forfeit if he did not show prominently at the points specified. Smith listened attentively, then said: "A good rule, but I'll turn owner."

## CHIEF MILLIKIN DISQUALIFIED FOR FOUL.

**Carries Roscoe to Inside Rail—Gildersleeve Loses Both Chief Millikin and Amberita.**

Cincinnati, O., August 22.—The sixth and seventh races at Latonia this afternoon furnished more than a sufficiency of rough riding and excitement. For the sixth Roscoe was supported with a confidence which could have been born only in the belief that "the race was over." His backers cashed, but not until after Chief Millikin had been disqualified. Chief Millikin was away badly and had to go around on the outside, but when turning for home he got to the favorite. In the drive to the finish McIntyre carried Nicol from the middle of the track over to the inside rail and completely shut him off near the end. Chief Millikin, after all of this strong-arm work, was going away as they passed the judges' stand. Nicol did not intend to make complaint, but the judges called him up and after a short interview they disqualified Chief Millikin, giving the race to Roscoe, second place to Revolt, and third to Mum.

In the closing race Nicol, on Fonsolua, and McIntyre, on Amberita, hooked up in another close finish, and McIntyre, apparently in an effort to get back at Nicol, claimed the latter had fouled him in the stretch. There was no interference of consequence and the claim was dismissed. Both incidents were attended with considerable demonstration, the women outdoing the sterner sex in voicing their opinions.

It was a rough deal all through from a financial point of view for E. J. Gildersleeve, who owns Chief Millikin and Amberita. Mr. Gildersleeve backed both his horses and both were claimed. Chief Millikin by C. C. McCafferty and Amberita by F. Doss. Roscoe was bid up and bought for \$900 by V. Gilbert, the owner of Revolt.

With a lumpy and drying out track speculators had better luck than could reasonably have been anticipated. With the exception of the first two races, which went to outsiders, they landed on the favorites and second choices the remainder of the day.

In the steeplechase E. Corrigan's Dunning made his re-appearance after a long rest. He was quoted at a liberal price, as all the other starters, with the exception of Woodlyn, had kept support. It was a race between Subador, the pacemaker, and Dunning from start to finish. The long course suits Dunning and, catching Subador tiring over the last jump through the field, he passed him, winning easily. Weir, Woodlyn and Dalesman all stumbled in the heavy going and unseated their riders, none of whom were hurt, the horses also escaping injury. Jockey Rice was fined \$50 by the starter for disobedience while at the post. For a similar offense McIntyre was assessed \$25 in the second race.

H. Boyle returned today from Fort Erie. He has turned out Dr. Nowlin at Toronto and will ship Sigmund to Louisville.

A. L. Kirby has added the two-year-old Hughes to his string. He obtained him at a private figure from Oots Brothers.

W. Gerst and G. Holle were among today's visitors. They will leave for West Baden tonight. Four additional carloads of horses, the property of various owners, left tonight for Douglas Park.

## KUNZ AND HOLTMAN AIR THEIR TROUBLES.

**Each Goes to the Latonia Judges With a Complaint—Investigation Results in No Action.**

Cincinnati, O., August 22.—As a sequel to the suspension of jockey Grasen, the Hungarian rider under contract to Stanley Kunz, by starter Holtman, Kunz is alleged to have made some damaging statements concerning Holtman and his assistants, intimating that the assistants, specifying none in particular, had tried to extort money from him. Holtman, on his arrival at the track today, demanded from the judges that they investigate the alleged charges made by Kunz and they did so after the last race. Kunz disclaimed having made any accusation against Holtman or his assistants and the judges let the matter go at that.

For a number of weeks there has apparently existed an enmity between Holtman and Kunz, growing out of what is believed to have been a misconstruction of Holtman's statement that Kunz must send his horses to the barrier for the purpose of schooling them properly, or "he would put them out of business." Kunz interpreted this to mean that the starter "would put him out of business," and so complained to the judges. The officials informed Kunz that Holtman had also complained on the score that he was constantly going to the post and making remarks which might better have been unsaid in the presence of his assistants. Holtman's complaint was decidedly vague, but he no doubt intended to convey the impression that if the assistant starters were anything other than conscientious and honest, Kunz remarks were of a nature which might have invited fraud. This probably riled Kunz and, under the stress of excitement, he gave utterance to words he now says he did not mean.

Holtman said he would donate \$1,000 to any charitable institution if proof that any of his assistants has asked for or received as much as five cents from any horsemen during their sojourn here. He has implicit confidence in their honesty and good motives while doing their work.

## DRAKE AND HAYMAN ARE FINED \$200 EACH.

**Stewards Hold That a Rule of Racing Was Violated in the Wes Transaction.**

Saratoga, N. Y., August 22.—After Wes was beaten for the fifth race on Monday, both George S. Davis and M. L. Hayman put in a claim for him. In the toss-up Hayman got the horse. The claiming price was \$1,400. This would make Wes a cheap horse, but there was a strong belief that Hayman's claim was of the friendly order, and this belief was verified when it was announced yesterday that the horse had been returned to John A. Drake's stable. Today, however, Messrs. Drake and Hayman were forcibly awakened to the fact that the act had been in violation of a rule of racing when the following official order was promulgated by the stewards:

"In compliance with the resolution adopted at a meeting of the stewards of the Jockey Club held June 4, 1906, the stewards of the Saratoga meeting hereby fine John A. Drake and M. L. Hayman \$200 each for infringement of section six, rule 131 of the rules of racing."

The resolution referred to as having been adopted on June 4, was an aftermath of the transaction in which W. S. Price was alleged to have received tribute from Paul J. Rainey with the understanding that Price would in future not bid up or claim the horses of Rainey in selling races.

Section 6 of Rule 131 reads: "Any person who shall attempt to prevent another person from bidding on the winner of a selling race or claiming any horse in such race, or demand any portion of the surplus from the owners of horses which are entitled to it, or any owner running in selling races who may make any agreement for the protection of each other's horses in contravention of these rules, shall be fined, suspended or ruled off."

The stewards investigated the transfer of Wes and declared it irregular, notwithstanding that Hayman claimed to have resold the horse to Drake at a profit.

## FORT ERIE'S SUCCESSFUL MEETING ENDS.

**Arthur Cummer Wins Fort Erie Selling Stakes and Is Bought by E. S. Gardner.**

Buffalo, N. Y., August 22.—The Fort Erie meeting came to a close this afternoon after thirty-eight days of successful racing. The crowd today completely filled the grandstand, and the betting was the keenest of any since the meeting began. Four favorites and a second choice rewarded the talent. The only outsider to win was Mrs. Frank Foster. The old mare, however, is a general favorite with Buffalolans and was not without some backing.

The withdrawal of Charlie Eastman from the Fort Erie Stakes was a disappointment to many, as it was thought the race was a gift to the Gardner horse. Arthur Cummer was shipped here especially for the race, but in his warm-up he appeared sore and his price receded from evens to 7 to 5 at post time. Rebounder jumped into the lead at the rise of the barrier and maintained an advantage of a length and a half until within thirty yards of the wire, when the favorite challenged and won by a nose.

Carter C. Hall and Samuel Trowbridge shipped their stables from here to Pimlico this afternoon where they will rest up for the Baltimore meeting. Allie Gates, acting for Lieutenant-Colonel Sewell, purchased of W. T. Anderson this morning the three-year-old Blue Coat. The price paid was \$800.

Hueston Brothers, who sold Sartor Resartus the other day, purchased of James McCafferty yesterday the two-year-old Tanbark and the latter ran in Hueston Brothers name and interests this afternoon.

Frank Nelson has been engaged to go from here to Quebec to act as presiding judge at the meeting which will be given there next week.

J. H. Baker sold to A. L. Poole the bay mare Blue Grass Girl.

Because of repeated rumors that Charlie Eastman would be given a big boost if he won the Fort Erie Selling Stakes this afternoon, E. S. Gardner withdrew his colt. He was much worked up over the matter and after Arthur Cummer won he stepped out and made one bid of \$1,200. This was an advance of \$700 over the entered price. De Arman did not protect the colt and he was knocked down to Gardner.

## WINDSOR TRACK IS FAST.

Detroit, Mich., August 22.—The Windsor track is in fine shape and some fast work is being done in preparation for the opening of the meeting on Saturday. Horses are arriving daily. Ed Trotter, J. P. Jones and J. B. Sweeney are here with horses that have been resting up in Chicago. Many have arrived from Fort Erie, today being the last of the meeting at that track. Thursday and Friday will mark a general exodus to Windsor.

## GERST YEARLINGS ARE SHIPPED.

Lexington, Ky., August 22.—William Gerst shipped a carload of thoroughbred yearlings to Nashville today. They will be broken and prepared for racing at Cumberland Park. He has bought about thirty head. Sixteen head will be trained here at the Kentucky Association track by Billy Lewis.

## MONTREAL'S RACE COURSE.

**ENGINEER BIGELOW SAYS PLANT WILL BE COMPLETED IN OCTOBER.**

**Top Dressing Is Being Put On—Steel for Grandstand Arrives—Description of the New Track—Bright Outlook for Racing.**

Montreal, Que., August 22.—The plant of the Montreal Jockey Club, which is nearing completion, will be a distinct addition to American racetrack equipment and, if properly managed, as it doubtless will be, it will do well. The tract of land on which the new track has been laid out embraces something more than 100 acres. It lies about five miles southwest of the business center of the city. The Canadian Pacific Railroad's tracks and an excellent trolley line will run into sidings and loops behind the grandstand. Thus it will be easy of access and, as the plans are drawn, large crowds can be handled with expedition and comfort.

The Canadian White Company has the contract for the construction of the plant and the work is in charge of "Babe" Bigelow, a western man who recently graduated as a civil engineer from Ann Arbor, Michigan, and who is well known among college men. He is a handsome, genial young giant and is "on to his job." He has about 200 men and forty teams at work grading and erecting.

The track is an oval of one mile and an eighth. It has two chutes, one for the mile races and one for races at seven-eighths of a mile. Inside there is to be a steeplechase course shaped like the saddle bags courses of the old days. Work on this, however, has not been begun. About seven-eighths of the work on the main track has been done. It is wide and beautifully drained. A top dressing of three inches of loam and sand is now being spread. The posts have all been set, but the inside rails and pickets for the outer fence have not been put on.

Work on the grandstand has not begun, but the location is graded and it will have a perfect outlook. The structure is to be of wood and steel, the idea followed at Union Park. The first consignment of steel is just being delivered. As one sits in the stand, facing the track, the betting ring will be at the left. It is to be a commodious, well ventilated structure and is about one-fourth completed. The paddock, which is large and roomy and about seven-eighths finished, is at the right of the grandstand and next beyond the paddock is the clubhouse, on which about two-thirds of the work has been done. Ten stables of thirty stalls each have been finished and others are in course of construction.

Mr. Bigelow says the track will be ready by September 15 and that the buildings will all be in condition for use early in October. If this be the case, it is likely that the Montreal Hunt Club will hold a short meeting in the fall. Before it was known that the steel for the grandstand would be so long delayed in shipment, the Hunt Club was planning a meeting about September 20. It was well that the Montreal Jockey Club abandoned the notion of holding its inaugural meeting this coming fall, for under rushed work, even had they been able to get the steel, the plant would hardly have been in satisfactory condition. As it is, it will be as good as the best when completed.

Montreal is ripe for racing and the people are liberal in mind and purse. There are good local people in the Montreal Jockey Club and much healthy local interest is already manifest. The city will stand two meetings of twenty days each during the year, one in the early summer and the other in the fall. Beyond this there would seem to be danger. It would be inadvisable to attempt more. It would be well if the meetings were even shorter. The things to be feared here are agitation growing out of prolonged activity and legislation against the invasion of American gamblers and their methods.

John Ryan and John Boden are directing the work and they will have much to say in the management of the plant and the conduct of the meetings. They have a thorough knowledge of the conditions and it is not to be presumed that they will jeopardize a bright prospect by permitting the presence of undesirable people or the foisting of distasteful methods. So far there is no cloud in sight and it is to be hoped that the sky will remain clear.

## JOCKEY ROBBINS FIGURES IN COURT ACTION.

Jockey Walter F. Robbins is figuring in a case before Judge Kavanagh. Attorney Munson T. Case, representing Charles F. Robbins, father of the jockey, contended that a parent has not the legal right to apprentice a son as a jockey and that any contract made between a father and a horse owner on these terms is invalid.

When Jockey Robbins was thirteen years old he is said to have been apprenticed to Moses Kahn, the father of the boy claiming it was stipulated that his son was only to exercise horses and ride an occasional race, and that he was to ride only James Arthur's horses. Because Robbins was asked to ride a vicious animal at New Orleans the father insisted on his leaving Kahn's employ.

To secure a release the father gave a judgment note for \$5,000, one-half of which he has paid. The case came before Judge Kavanagh on a petition to set aside a judgment for \$1,910 obtained by Kahn. Judge Kavanagh will decide the case shortly.

### TOE-CLIPS ARE UNDER THE BAN IN ENGLAND.

Stewards of the Jockey Club Order that the Blades  
 Are Not to Be Used.

At a recent meeting the stewards of the Jockey  
 Club forbid the use of toe-clips on the plates of  
 horses racing in England. Vigilant, in the London  
 Sportsman, has this to say on the subject: "As the  
 pronouncement of the stewards of the Jockey Club  
 against the use of toe-clips created some excitement,  
 not to say 'breeze,' I made it my business last week  
 to inquire pretty widely into the subject. I gather  
 that, as a matter of absolute certainty, the toe-clip  
 pure and simple, as developed in America and as  
 used by American trainers in Europe, is very danger-  
 ous indeed, and that one of Lord Harewood's horses  
 was actually killed by being struck into with such a  
 clip. A razor-like blade set forward on a shoe or  
 plate must naturally slice whatever the foot wearing  
 that shoe or plate strikes. On the other hand, the  
 clips used in most English stables have been set  
 somewhat back, and are by no means the formidable  
 weapons which the Americans affect. I cannot  
 learn that any harm has been done by these, but  
 the fact that they are not used on the hind plates is  
 proof that they are known to be dangerous to  
 their wearer in case of an overreach. The use of  
 toe-clips has been forbidden in France and Austria-  
 Hungary, and also, I believe, in America; but in  
 all these cases it is the undoubtedly dangerous  
 American toe-clip which has come under the ban.  
 I think the stewards of the Jockey Club must have  
 been under the impression that there was no other  
 variety of toe-clip which might be, and probably is,  
 quite innocuous. Thus if jockeys were to take to  
 using spurs with medieval rowels an inch long,  
 they would quickly be prohibited from continuing  
 to do so, but that would be no valid reason why the  
 use of spurs should be forbidden altogether. Fol-  
 lowing this line of thought, I venture to submit that  
 the stewards were, to say the least, precipitate in  
 wiping out all toe-clips because some are dangerous.

"Nevertheless, trainers, so far as I have had the  
 chance to discuss the matter with them, take the  
 change quite philosophically, though it will mean  
 substantial loss of stock in hand in some cases.  
 It is pointed out that a racing-plate can be made  
 to get nearly as good grip of the ground without a  
 clip as with one, and this may be materially as-  
 sisted by the nails. Of course, when the element  
 of danger is considered, even plates are open to  
 objection. No one will contend that a horse without  
 shoes can do so much harm to another as a horse  
 with shoes can; but there it is. Some risk has to be  
 incurred in racing, and the horses that can run  
 barefoot on adamantine ground, as Merman always  
 did, are few and far between; at any rate, in this  
 country. It is lucky for some of Merman's oppo-  
 nents that he used to run without plates. I re-  
 member he kicked one of them at the post when  
 starting for his first Cesarewitch, and again while  
 in the paddock before his second he lashed out at  
 Innocence and caught him bang in the ribs. Plates  
 in such a case would have cut a big gash, but as  
 it was Innocence was comparatively uninjured. Why  
 a placid-tempered animal like Merman should have  
 done these things I fail to understand, but he un-  
 doubtedly did them. On the whole, therefore, 'An  
 Owner and Trainer' who first wrote to 'The Sports-  
 man' animadverting on the conduct of the stewards  
 in forbidding toe-clips does not appear to have a  
 following on this question. 'If,' said Blackwell,  
 'they are not to be used in future—will, it will be  
 the same for all, and nobody will suffer.' That  
 view was expressed also by Mr. Gilpin and many  
 others, and it was also felt that if, as is hoped,  
 we take a more considerable part than heretofore in  
 sending horses to run on the Continent, it is just  
 as well that they should be accustomed to run here  
 in such plates as are not forbidden there."

### CASSIDY AND DADE TO ALTERNATE IN 1907.

Western Man's Starting at Brighton Beach Results  
 in Engagement by the Jockey Club.

The Jockey Club will have two starters operating  
 alternately on the metropolitan racetracks next sea-  
 son. The New York Sun says this information comes  
 from a reliable source and evidently means that the  
 barrier will be handled in 1907 by both Mars Cassidy  
 and A. B. Dade. "It was the policy of the Jockey  
 Club three years ago to have Mr. Cassidy divide up  
 the work at the post with C. J. Fitzgerald," says  
 the Sun, and when the latter retired to take up the  
 management of the Brighton Beach Racing Asso-  
 ciation the starting job fell wholly on Mr. Cassidy's  
 shoulders, chiefly because the Jockey Club was at a  
 loss to make a suitable selection to fill the shoes  
 left vacant by Mr. Fitzgerald.

"Mr. Cassidy, as is well known, used the flat  
 footed break on the Jockey Club tracks and the walk  
 up system on the winter race courses. He once  
 tried the walk up system here, but it did not give  
 much satisfaction for the reason that the flat footed  
 start as used by Mr. Fitzgerald was extremely  
 popular. When the Jockey Club, therefore, passed  
 a rule to the effect that the flat footed start should  
 be used exclusively in future on the local tracks  
 Mr. Cassidy's friends began to insist that he was  
 working under a handicap and that, without the  
 pet walk up system, he was unable to put his best  
 foot forward. In fact the clamor in behalf of Mr.  
 Cassidy's methods became so pronounced that the  
 impression began to prevail that the flat footed  
 break was actually a lugeboob.

"Mr. Cassidy further strengthened this belief  
 when he proceeded to align the horses about fifty  
 feet back of the barrier prior to allowing them to  
 walk up to the ribbon for a break that was often  
 not stationary. In a word, the starting problem  
 during the spring meeting at Sheepshead Bay had  
 become a cause for dissatisfaction among horsemen  
 and racegoers, with the Jockey Club still unmoved  
 as to the proposition of altering its policy.

"Just at this time however, the Brighton Beach  
 Racing Association, which is now one of the Jockey  
 Club's 'four recognized tracks,' decided to set aside  
 Mr. Cassidy in favor of a newcomer in the east,  
 A. B. Dade, who had done good work with the bar-  
 rier at St. Louis tracks in former years and at the  
 New Orleans Fair Grounds last winter. Mr. Dade  
 made his first appearance here when the recent  
 meeting at Brighton opened. He operated the  
 standing start, in accordance with the ideas of the  
 Jockey Club stewards, and scored a most pronounced  
 success. In fact the starting all through the  
 Brighton meeting was of such a high order of ex-  
 cellence and was so satisfactory to all classes of  
 turfmen that the Jockey Club began to look upon  
 Mr. Dade with much favor. With the shifting of  
 the scene to Saratoga, came the renewed work of  
 Mr. Cassidy, and it is generally conceded now that  
 Mr. Cassidy's starting at the Spa cannot be classed  
 with the performances of Mr. Dade at the Beach.

"The Jockey Club, therefore, has practically de-  
 cided, it is reported, to let Messrs. Cassidy and  
 Dade cut up the work equally here next year. Each  
 will have certain meetings, so that all of the tracks  
 will receive the same benefits. Mr. Dade will be  
 seen here again at Brighton's fall meeting and will  
 then take things easy until the Crescent City  
 Jockey Club's meeting begins in November, when he  
 will work as usual at that track. Mr. Cassidy will  
 handle the barrier next winter at City Park as  
 usual. Meanwhile all chances of seeing the walk up  
 system established in the east has disappeared. The  
 flat footed start, as advocated consistently by the  
 Jockey Club, is a permanent and popular fixture,  
 and racegoers will probably get better results from it  
 in future than ever before."

### BUTTE PEOPLE WANT NEW CIRCUIT.

"Z. G. Stebbins, of Chicago, is undoubtedly cor-  
 rect in his assertion that the establishment of a  
 new racing circuit in this part of the country will  
 be of great benefit," says the Butte (Montana)  
 Miner. "The plan, which has been outlined before,  
 is to merge into a circuit, such cities as Denver,  
 Colorado Springs, Boise, Salt Lake, Ogden, Butte,  
 Spokane, Helena, Great Falls, Bozeman, Missoula,  
 Livingston, Anaconda and possibly several other  
 towns, and in fact any town that can stand at  
 least a week's racing. The different meetings  
 could easily be arranged, according to the senti-  
 ment of the patrons of the game, harness events  
 where most desired and running races, mixed with  
 harness events, in the cities where a mixed meeting  
 would be most patronized. With the circuit managed  
 legitimately, it means the confidence of the people;  
 that will get the crowds and permit of the purses;  
 the purses will get the horses and the combination  
 of them all will bring the bookmakers and the play  
 that is so necessary to any successful meeting.

"Mr. Stebbins' scheme is a splendid one. It  
 is a fact, fully ten per cent. of the horses at the  
 big tracks do not get a chance to start, and every-  
 thing is overcrowded. With a guarantee of say one  
 hundred days' racing, the best horses in the country  
 could be induced to come into the new circuit which,  
 under such conditions as proposed, would be recog-  
 nized by the heads of racing in America. Every-  
 thing that experience can teach has been done for  
 beginners in a large race circuit proposition; every-  
 thing is there, rules to govern every detail and  
 fundamental laws that if observed cannot prevent  
 the success of such an undertaking. Organization  
 along well surveyed lines, conservative management  
 and legitimate dealing is only necessary in con-  
 nection with energy directed by business policies,  
 to make the proposed circuit the best thing for the  
 racing game this part of the west has ever ex-  
 perimented, and it is hoped the efforts of those in-  
 terested will be successful."

### NOTES OF THE TURF.

President C. S. Bush, of the Crescent City Jockey  
 Club, is at Saratoga.

James R. Keene's stable will be shipped from  
 Saratoga to Sheepshead Bay next Sunday.

It is announced that Herenold will be a starter  
 in the Beverwyck Steeplechase at Saratoga, Satur-  
 day.

Patsy Gallagher has given up his license as a  
 trainer of steeplechasers and will confine himself to  
 riding them.

C. S. Miller, in whose name Tom Cogan started  
 at Saratoga, Monday, is understood to be a New  
 York lawyer.

At Deauville, France, Tuesday W. K. Vanderbilt's  
 Acacia won the Prix Conseil General and his Second  
 Sight won the Prix Touques.

The funeral of Michael F. Dwyer was held in the  
 church of Saints Simon and Jude at Gravesend,  
 Tuesday morning. The interment was in Holy Cross  
 Cemetery, at Flatbush.

Frankie O'Neill says owning horses is better than  
 riding them, and since he sold those two yearlings  
 to the Swartz brothers he is of the opinion that  
 selling is the best part of the owner's game.

Trainer Joyner does not believe that Water Pearl  
 will be long affected by his sickness. He says he  
 may as well be counted out of the stakes for juve-  
 niles at Sheepshead Bay, but that he believes he  
 will be ready for his engagements at Belmont Park.

Winner—B. f. by Meddler—Ballyhoo (trained by D. Henry).  
 Went to post at 2:33. At post 2 minutes. Start bad. Won easily; second and third driving. Miss  
 Officious, favored by the stiff going, was taken wide throughout, closed a big gap in the last quarter and  
 finishing with a rush, won going away. Avendow had much the best of the start, but was restrained and  
 followed Ericson closely for the first half, then assumed the lead and tired in the final drive. Decklaw,  
 practically left, closed a big gap and finished gaining fast, was best and would have won with an even  
 break. La Thorpe ran a good race. Gabble tired badly after going a half. Ericson showed early speed,  
 but quit after going a half and ran a dull race. Helen Maclin and Katie C. S. would not break.

Winner—Br. c. by Sorcerer—Favorine (trained by S. M. Marsh).  
 Went to post at 2:43. At post 5 minutes. Start bad. Won driving; second and third the same.  
 Frank Bill ran forwardly from the start, stood a hard drive gamely and got up in the final strides to win  
 drawing away. Miss Anxious outbroke the others and opened up a seemingly winning lead before going a

half, but tired badly in the last furlong. Zinda, poorly handled and taken wide all the way, was probably best and, better handled, might have won. Sallie B. B., almost left, closed a big gap and finished fast. Jay Ward ran a good race and was gaining at the end. Belltoone quit after going a half. Weberfields was a forward contender in the early stages.

Scratched—64181 Miladi Love, 100; 64314 Merry Belle, 101; 64297 Minnie Johnson, 100; 63944 Saronola, 105; 64237 Bitter Hand, 95.

Winner—B. f. by Sir Dixon—Sallie McClelland (trained by F. Kelly). Went to post at 3:32. At post 2 minutes. Start good. Won easily; second and third the same. Martha Gorman was restrained for the first three-quarters, then moved up quickly, but had to be hard ridden near the end and outlived TERN'S ROD. The latter ran a good race, showed much speed and hung on with great gameness in the final drive. Ranposal was a forward contender from the start, but tired near the end. Azora had no mishaps. Intense disliked the stiff going and ran poorly. Queen Esther was beaten off throughout.

Winner—B. c. by Artillery—Eugenia III. (trained by J. Collins). Went to post at 3:56. At post 1 minute. Start good. Won easily; second and third driving. Dunning fenced well and followed Subador closely to the last jump in the field, where he came away and won as his rider pleased. Subador set the pace in the early stages, but tired suddenly and was given an easy ride through the stretch. Bluenint was beaten off all the way and ran a bad race. Class Leader can do much better and was never in the hunt. Weird unseated his rider at the second jump. Dalezman was going well when he lost his rider. Woollyn ran well at times, but stumbled and lost his rider, was remounted and finished long after the race was over.												
Scratched—64236 Elastic, 110; 64164 Toupee, 97; 63908 Belden, 93; 64296 Don Domo, 107; 64296 Black Mantilla, 98; 63648 Envoy, 110; 64296 Oberon, 100; 64155 Uncle Henry, 110.

Winner—Ch. g. by Al Farrow—Rightwing (trained by E. Horton). Went to post at 4:24. At post 1 minute. Start good. Won driving; second and third the same. Swiftwing, well ridden, was reserved in the early stages, moved up with a rush after going a mile and, under a terrific drive, outlasted Postman. The latter was in the deepest going most of the way and, after being taken wide into the stretch, was given an over-confident ride near the end. Lansdown was suited by the going and showed speed, but tired after going three-quarters and barely lasted long enough to save third place. Plautus had no mishaps and only ran moderately well. Piller appeared sore when going to the post and ran a bad race.												
Scratched—64160 Huzzab, 109; 64295 Bernie Cramer, 104; 64202 Morendo, 106; 64258 Imboden, 101; 64317 The Laurel, 106; 64202 Little Giant, 106.

Winner—B. c. by Russell—Tildee (trained by G. C. Hughes). Went to post at 4:53. At post 6 minutes. Start bad. Won driving; second and third the same. Chief Millikin ran as if much the best, was away badly, but gradually moved up and improved his position until drawing level with Roscoe, when he carried him over to the extreme inner rail, impeding him sharply, and drew away in the final strides, but was disqualified for fouling. Roscoe showed the most early speed, was away well and raced Mum into subjection before going a half, but was tiring when impeded. Revolt ran a good race and was right all the way. Lacene, badly ridden, was in the deepest going all the way. Tom Crowe was practically left at the post and had scant chance.

Winner—Ch. g. by Fonso—Lucasta, by Hayden Edwards (trained by J. W. Hall). Went to post at 5:23. At post 2 minutes. Start bad. Won driving; second and third the same. Ponsolucia, well ridden and favored by the going, was a forward contender from the start and, in a sharp final stretch drive, outlasted Amberita. The latter ran well, but was given a bad ride and suffered from slight interference on the first turn, went wide all the way and should have won. Prince of Pless, away badly, closed a big gap and would have been a sharp factor with good handling. Ann Hill showed early speed and caused a jam on the first turn, ran well for three-quarters and is worth remembering. Osterman was close up for the first half. Chinax was practically left.												
Scratched—64299 The Only Way, 101; 64280 Sand Bath, 104; (64297) Inspector Girl, 94; 64163 Carthage, 105; 64241 Bitter Brown, 94; 64297 Oddoetta, 102; 64221 Moccasin Maid, 94; 61289 Barry Hughes, 102; 64260 Early Hours, 88; 64256 Prosador, 109.												
Overweights—Prince of Pless, 2½ pounds; Ann Hill, 2; Osterman, 1½.

Winner—Ch. f., by Tanzmeister—Olga Nethersole (trained by F. Houston). Went to post at 3:25. At post 3 minutes. Start good. Won driving; second and third the same. Tanbark set the pace all the way and opened up a winning lead on the far turn, but was tiring at the end and had to send a hard drive all through the last furlong to stall off Reside. The latter came again in the last sixteenth after dropping back on the turn out of the backstretch. Phil Igoe moved up fast on the turn for home, but tired under punishment at the end. Attention was crowded back and out of it when the start came. Bathmaria ran poorly. Overweights—Phil Igoe, 2 pounds.

WHAT THE  
RUNNING HORSES  
DID IN 1905

That is the title of a vest pocket volume that every man interested in racing should have.

It contains a record of the performances and earnings of every horse—over 6,000 of them—that raced on the thirty-three principal tracks of the United States and Canada last year. It is arranged alphabetically and by ages and gives you at a glance a line on the horses. It should be invaluable to handicappers and speculators.

NOW READY FOR DISTRIBUTION

The book will be mailed to any address in the United States and Canada upon receipt of **ONE DOLLAR**. It can be procured from news dealers and at this office at the same price.
